

Project title:

Promoting awareness and use of Oral Rehydration Therapy and Zinc as treatment of childhood diarrhea amongst public health providers at Varanasi in U.P

Implementing Partner

Human Welfare Association, Varanasi

The Project started by signing the MoA on July' 25, 2013

Geographical area covered

Blocks	Population	Nyay panchayat	CHC	PHC	ASHA	ANM	AWW
Chirarigaon	3,08000	14	0	1+3 sub PHC	240	52	343
Cholapur	2,39,299	11	1	0	193	34	231
KVP	2,85000	14	0	1	287	42	358
Arajiline	3,65000	16	1	5	305	53	413
Sewapuri	2,04731	12	0	1+3 sub PHC	189	39	265
Harhua	2,50000	15	0	1	200	42	204
Pindra	1,85000	14	0	1	240	51	296
Badagaon	2,21000	13	0	1	233	43	310
TOTAL	20,58,030	109	2	10	1887	356	2420

Project achieved activities at a glance from July,13 to Nov, 13

- 1812 ASHA visited on daily basis.
- 416 AWW visited on daily basis.
- 47 VHND meetings attended and share the issue of diarrhea management.
- 55 ASHAs meetings(sector level) with 2142 participants.
- 18 meetings with MOIC/ANM at CHC/PHC level with the participation of 415
- 17 AWW sector meetings with 695 participants.
- 6 batches training of ASHA and trained 187 ASHAs

Challenges/reasons for variance in ASHAs training

- The project team got orientation and direction of job responsibilities in the mid October.
- Blocks activities were not in proper functioning due to various festivals and holidays(13 days during Oct and Nov).
- Ignorant and irregular reporting of diarrhea cases through ASHAs
- Due to not getting proper cooperation of block officials regarding the issues.
- Difficulties faced during the liasaning with district level medical officials regarding the issue.

Solutions applied

- Received solid guidance through CHAI team regarding the major achievements of the project.
- Strong advocacy with CMO was being done getting his permission letter for the blocks.
- MOICs, HEOs and BPM was sensitized for organizing their sector level meetings.
- As a result of daily visits of the blocks/ASHAs and meetings with blocks officials it has been fruitful for their participation and cooperation in the diarrhea management.
- BPM are taking interest to find out the report of diarrhea through ASHAs during sector level meetings.

Project achieved activities at a glance from July,13 to 20 Dec, 13

- 1945 ASHA visited on daily basis.**
- 499 AWW visited on daily basis.**
- 52 VHND meetings attended.**
- 67 ASHAs meetings with 2666 participants.**
- 22 meetings with MOIC/ANM at CHC/PHC level with the participation of 472.**
- 17 AWW sector meetings with 695 participants.**
- 24 batches training of ASHA and trained 924 ASHAs.**

Quarter wise acheivemnt
